Product No. 40600Bio

The Sports Bottle Made From Natural Materials

EU Bottle introduces a NEW sports bottle made from Braskem® Green Polyethylene, a renewable raw material derived from sugar cane ethanol.

During their growth cycle, the raw materials used to produce Green Polyethylene absorb and repair CO2 in the atmosphere, reducing greenhouse gases and its carbon footprint.

Our Nature Bio-bottles are fully recyclable as plastic code 4.

For detailed information on Braskem® Green Polyethylene, please visit the [Braskem Green](#) website.
